Fresh lavender wrapped in cool grey is a duo that cannot be ignored. All the attention is focused on the centrally located isle, which attracts the eye like a magnet. Take note of the thin line of the tabletop - gently separated from the whole, it seems to float in the air.

### BOTTLE GREEN

Here's a colour that'll make a striking impression in the kitchen. Lively, energetic, beautiful. So as not to overshadow its charm, it's discreetly accompanied by elements in matt grey. Here's a kitchen for people who like to stand out!

PRACTICAL SEGREGATION BASKETS WITH CENTRAL COVER

White kitchen furniture is an idea for a kitchen that won't go out of fashion for long. Afraid of boredom? Break the white with a black wall or mix the colours of the fronts.

97<sup>TH</sup> WEST STREET - STIRLING OAK DARK / MATT LAVA

**RUSTY ACCENT**

The rusty tin-like decor is an accent you can't ignore. It beautifully breaks the blackness of the walls and the colour of the furniture bodies. A kitchen like this simply cries out for natural accessories and lamps in the retro style.

## READY FOR ANYTHING

It's a good idea to plan the open space of the apartment in such a way as to make it pleasing to the eye, to allow free operation and to allow unexpected guests to come in at any time. Open shelves and tabletops allow you to quickly change the arrangement. What we don't want to show can be hidden behind the fronts of the cabinets.

Unusual height of the cabinet installations allows to arrange the space in an interesting way. Instead of tall, opaque wardrobes, you can add decorations here and give the interior an attitude.

Cabinet lighting is an excellent way to add charm and functionality to your interior.

**THE CLASSIC HOOD AFTER A MAKEOVER**

A kitchen designed in the spirit of classicism emanates with the tranquillity and charm of past eras. In such a traditional interior there is also a place for the kitchen - a creation of contemporary design. Isn't it beautiful?

## SHADES OF CLASSICISM

Classic kitchens are like diamonds. They never age. Warm colours, decorative millings, handles, ornamented glass. All of this makes you feel the spirit of past eras instilled in them the second you cross the threshold. Easy. They don't lose any of their functionality.

Traditional kitchen with... an attitude! Beautiful, subdued in colour, the furniture has created a beautiful, cosy space that comes to life thanks to the navy blue blotch. Look at the tall cabinet installations. That's what will catch the eyes of all of your guests.

**BETWEEN THE CLASSICAL AND THE MODERN**

Grey, lacquered fronts and a functional isle change the nature of the kitchen in a simple, classic style. However, a sudden turn towards modernity is hampered by traditional millings and beautiful displays, filled right up to the ceiling with beautiful dinnerware and accessories.
